St Christopher's Church of England High School

St Christopher's CE High School Mission Statement

St Christopher's is a Church of England Academy where pupils and staff work together, in the knowledge and love of God. We try to act out our faith in daily life, with Christ as our example.

Within our strong Christian, Anglican context, we seek to promote the spiritual, moral, cultural, intellectual and physical development of our pupils, growing together as a caring and supportive community whilst preparing them for the opportunities, responsibilities and experiences of their adult lives.

We aim to achieve our mission by providing an environment which

- recognises that each member of the school community is an individual with specific needs and strengths
- fosters mutual respect and concern for others
- values the contribution made by each member of the school community
- encourages and celebrates positive achievement
- actively supports those in need.

Foundation Scripture

“Blessed is the one
who does not walk in step with the wicked
or stand in the way that sinners take
or sit in the company of mockers,
but whose delight is in the law of the LORD,
and who meditates on his law day and night.
That person is like a tree planted by streams of water,
which yields its fruit in season
and whose leaf does not wither—
whatever they do prospers.”

(Psalm 1:1-3)

This scripture underpins all that we do and everything that we stand for as a school.

GDPR (General Data Protection Regulation)

On the 25th May 2018, the Data Protection Act (DPA) was replaced by the General Data Protection Regulation (GDPR).

GDPR is a new data protection regulation that's designed to strengthen and unify the safety and security of all data held within an organisation.

It will entirely replace the current Data Protection Act, making radical changes to many existing data protection rules and regulations that many organisations such as schools, academies and other educational establishments currently adhere to under the DPA.

Schools should document and review all of the personal data they hold; including data for pupils, staff, parents, suppliers and governors which should be organised and stored in an audit.

Schools should also make sure that all staff are trained according to their roles and responsibilities. This should include general GDPR awareness training for all staff as well as more detailed training for staff with more responsibility (e.g. Head Teacher, Deputy Head Teacher, Data Protection Officer).

Why we collect and use this information

We use this personal data to:

- Support pupil learning
- Monitor and report on pupil progress
- Provide appropriate pastoral care
- Assess the quality of our services
- Comply with the law regarding data sharing
- Safeguard pupils

The categories of pupil information that we collect, hold and share include:

This information will include their contact details, national curriculum assessment results, attendance information, any exclusion information, where they go after they leave us and personal characteristics such as their ethnic group, any special educational needs they may have as well as relevant medical information. For pupils enrolling for post 14 qualifications, the Learning Records Service will give us the unique learner number (ULN) and may also give us details about your learning or qualifications.

Careers guidance: Information is shared with CareerNav, our external careers service, Lancashire County Council's Young People's Service and local Further Education providers. Information is also provided to local employers to support safe work experience placements.

We will not give information about our pupils to anyone without your consent unless the law and our policies allow us to do so. If you want to receive a copy of the information about your son/daughter that we hold, please contact the School Administration Officer.

The lawful basis on which we use this information

On the 25th May 2018 the Data Protection Act 1998 will be replaced by the General Data Protection Regulation (GDPR). The condition for processing under the GDPR will be:

 - j. Processing is necessary for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes in accordance with Article 89(1) based on Union or Member State law which shall be proportionate to the aim pursued, respect the essence of the right to data protection and provide for suitable and specific measures to safeguard the fundamental rights and the interests of the data subject.

The Education (Information about Individual Pupils) (England) Regulations 2013 - Regulation 5 'Provision of information by non-maintained special schools and Academies to the Secretary of State' states 'Within fourteen days of receiving a request from the Secretary of State, the proprietor of a non-maintained special school or an Academy (shall provide to the Secretary of State such of the information referred to in Schedule 1 and (where the request stipulates) in respect of such categories of pupils, or former pupils, as is so requested.'
