## Textiles

A-level

### Introduction

In Textiles, students will be introduced to a variety of experiences, exploring a range of textile media, techniques and processes. Both traditional and new technologies will be covered, and students will produce practical/contextual work in one or more areas, including fashion, printed and/or dyed fabrics and materials, domestic textiles, wall-paper, interior design, constructed textiles and installed textiles.

### Why Textiles?

This course is not only an enjoyable and creative one, but also provides a strong foundation for a degree course. It will give students the knowledge and skills needed to go on to further studies or to jobs in a variety of textile-based industries.

### Any special requirements?

You must have enthusiasm for creativity and be motivated to study outside of the lessons. Textiles or Art GCSE grade 5, or equivalent is a requirement for entry onto the course.
